10 October 2017

Dear Tam,

Thank you for your letter dated 5th October 2017 in relation to the payments made to Gloucestershire Fire and Rescue Service (GFRS) staff for Continuous Professional Development (CPD).

The Chief Fire Officer has kept me informed of the situation in relation to this matter and I have requested that he presents an options appraisal paper for consideration. I fully recognise that the staff of GFRS perform highly in supporting the safety of the communities of Gloucestershire and that they contribute greatly to the wider health and wellbeing agenda of the County Council.

Be assured I will give the options appraisal all due consideration once I receive it and I would like to take this opportunity to thank you for continuing to work with my officers to support improved outcomes for the Firefighters and communities of Gloucestershire.

Yours sincerely

Cllr. Nigel Moor  
Cabinet Member for Fire, Planning & Infrastructure
